Dual technology (PIR/passive acoustic) occupancy / vacancy sensor with built-in photo sensor.

Cable Type
----- CAT5 (minimum)

Touché Emergency Fixture Control

- Unlike traditional emergency fixture control devices, Touché does it better – click [here](#) for more details.
- Touché's UL924 listed devices provide a simplified approach to emergency fixture control. The need to bring different power sources to one device eliminating complicated wiring requirements.
- The SES and SESD modules auto coordinate to both the SmartPack and Room manager for seamless zone control
